

Oldham County Fiscal Court

2019 Spring Paving – Old Westport, North Buckeye, Pewee Valley, Crestwood and LaGrange

The following are responses to questions received by holders of bid packages as of noon April 11, 2019:

A bid bond is not required

With regard to the City of LaGrange paving package, the edge keys will be done by LaGrange Public Works and the manhole risers will be provided. Contractors can bid based on placing surface asphalt only.

Placing new riser rings is acceptable for adjusting the grade of the existing manholes. The structure does not have to be excavated around and the concrete structure built up.
