

Oldham County Planning and Development Services

FIVE DAY LETTER

Agreement for Emergency Service Connection in lieu of Inspection.

The undersigned owner or owners hereby request temporary connection of the electrical service supplying the structure located at _____.

Description: _____

This service was damaged or disconnected due to _____.
Repairs have been completed or the service has been inspected by the undersigned electrical contractor and is deemed safe to reconnect.

L G & E is authorized to accept this agreement in lieu of the electrical inspector's sticker with verbal authorization from the above inspection authority as a temporary measure to provide electric.

This agreement is valid for a period of *five* (5) working days, within such time a permit must be obtained and the inspection authority above must inspect and approve the repairs.

If the inspection authority does not place an inspection sticker of approval on the service entrance equipment and notify L G & E through normal channels by the expiration date, it is agreed and understood the electrical service described herein may be disconnected without notice on:

(DATE – FIVE WORKING DAYS FROM DATE SERVICE RESTORED)

Furthermore, in implementing this agreement, the undersigned assumes all liability and responsibility, to the full extent of the law for damage to life and property during the term of this agreement.
