Oldham County Comprehensive Zoning Ordinance Section 260-230 Home Occupations

Sec. 260-230 Home Occupations

A home occupation is an accessory use which is incidental to the use of the dwelling for residential purposes. All home occupations located in residential zoning districts, except when the parcel is 5 acres or larger and used for agriculture purposes, must meet the standards listed in this section. Applications for home occupations must seek either a conditional use permit from the Board of Adjustments or a home occupation permit from the Administrator. All applicants shall provide a development plan for the proposed use with application. This plan shall include, but not be limited to, the proposed scope of the business, a site plan, the number of employees, occupation, vehicles (including type, weight and size of vehicles) to be used, and estimated daily traffic. If the application for a home occupation is approved, this approval does not imply or convey permission to violate or be exempt from any existing or subsequent lawfully enacted deed restrictions for the property of the proposed home occupation.

Home occupations shall not include uses such as antique shops, barber and beauty shops, bed and breakfast facilities, churches, private clubs, day care facilities, eating and drinking establishments, fortune tellers, health spas, hotels/motels, kennels, vehicle sales/service/rental/repair, wholesale and retail, escort services, and lawn care services.

No home occupation may cause odor, vibrations, fumes, glare, or electrical interference that is perceptible beyond the lot line of the lot upon which the home occupation is conducted. In the case of electrical interference, no equipment or process shall be used which creates visual or audible interference in any radio or television receivers off the premises, or causes fluctuations in line voltage off the premises.
- c. No display of goods, products, or services shall be visible from outside the dwelling.

2. Accessory Structures

Offices or studios are permitted within an enclosed accessory structure, provided the accessory structure is used solely for administrative or artistic activities of a commercial nature by an occupant of a residence located on the same lot as such building.

- d. No specialty service such as, but not limited to, dance instruction, crafts or music lessons shall be provided for a group larger than five (5) persons.
- e. No hazardous materials shall be permitted.
