2	Oldham County Proposed Future Roads

Appendix

A	Oldham County Local Roads
----------	----------------------------------

1.0 Oldham County Road Functional Classification

1.1 Road Functional Classification

The streets in Oldham County’s highway system are identified by functional classification. This classification is based upon a hierarchical system that identifies streets on the basis of their two primary functions:

- Movement function, which generally refers to traffic volume and type, through traffic versus local traffic;
- Site access function, which generally refers to the ability to safely provide direct access to adjoining property.

1.2 Functional Classification

Interstate – limited-access highways used for moving good and services throughout the United States.

Arterials – connect areas of significant population (< 1,000); connections to adjacent counties & major population areas (LaGrange, Goshen/Prospect, Crestwood, Pewee Valley, Buckner/Centerfield)

Collector – connect smaller population areas to arterials, connect arterials; may connect to adjacent counties

Local – provide access to adjacent property; all roads not on higher systems; through traffic is discouraged

1.3 Oldham County Road Classification

A review of the existing transportation road network of Oldham County was completed during the project analysis. The following is a summary of the roads and their classification.

Classification	Road Name	Length
Interstate	Interstate 71	Jefferson County to Henry County
Arterial	US 42	Jefferson County to Henry County
Arterial	KY 22	Jefferson County to Henry County
Arterial	KY 53	Jefferson County to Henry County
Arterial	KY 146	Jefferson County to Henry County
Arterial	KY 393	KY 22 to US 42
Collector	KY 3222 - Rose Island Road	US 42 to KY 1793
Collector	Rose Island Road	KY 1793 to Goshen Lane
Collector	Goshen Lane	US 42 to Rose Island Road
Collector	KY 1793	US 42 to Rose Island Road
Collector	Mayo Lane	US 42 to Rose Island Road
Collector	Locke Lane	US 42 to KY 329

Oldham County Planning and Development Services
 Road Functional Classification and Proposed Future Roads
 January 2010

Oldham County Road Classification (continued):

Classification	Road Name	Length
Collector	KY 1694	Jefferson County to KY 329
Collector	KY 1694	KY 329 to US 42
Collector	Liberty Lane	US 42 to Dead End
Collector	KY 329	KY 22 to KY 329B
Collector	KY 362 – Central Avenue	KY 22 to KY 146
Collector	KY 329	KY 22 to KY 329B
Collector	KY 362 –Ash Avenue	KY 146 to Shelby County
Collector	Old Floydsburg Road	Jefferson County to KY 1408
Collector	KY 1408 – Olds Floydsburg Road	KY 22 to Todds Point Road
Collector	KY 1408 – Todds Point Road	Todd Points Road to Shelby County
Collector	KY 1818 - Mount Zion Road	KY 1408 to KY 1315
Collector	KY 393	KY 22 to KY 1818
Collector	KY 1315 – Old Hanna Road	KY 53 to Shelby County
Collector	KY 2859 – Fible Lane	KY 22 to KY 1818
Collector	South Camden Lane	KY 22 to Oak Lea Drive
Collector	North Camden Lane	KY 22 to KY 146
Collector	Clore Lane	KY 22 to Dead End
Collector	Spring Hill Trace	KY 329 to Dead End
Collector	Old Zaring Road	KY 329 to KY 1817
Collector	KY 1817	KY 329 to KY 146
Collector	Cedar Point Road	KY 393 to KY 1817
Collector	Centerfield Road– Old KY 393	KY 393 to KY 22
Collector	KY 2856 – Elder Park Road	KY 393 to New Moody Lane
Collector	KY 2857 – New Moody Lane	KY 2856 to KY 53
Collector	KY 2854 – Dawkins Road	KY 146 to Bennett Lane
Collector	Bennett Lane	Dawkins Road to Fendley Road
Collector	Fendley Road	Bennett Lane to KY 393
Collector	Commerce Parkway	KY 393 to KY 53
Collector	Crystal Drive	Parker Drive to Washington Drive
Collector	Zhale Smith Road	KY 53 to Massie School Road
Collector	Massie School Road	Zhale Smith Road to KY 712
Collector	Blakemore Lane	KY 53 to Henry County
Collector	East Main Street	KY 53 to Jericho Road
Collector	KY 2853 - Jericho Road	East Main Street to KY 712
Collector	KY 712 – Jericho Road	KY 146 to Henry County
Collector	KY 2855 – Fort Pickens Road	KY 146 to Old Sligo Road
Collector	KY 3223 – Old Sligo Road	KY 53 to US 42
Collector	Bluegrass Parkway	US 42 to Old Sligo Road
Collector	Bohannon Lane	US 42 to Eighteen Mile Creek Road
Collector	KY 524	US 42 to US 42
Collector	KY 1488 – Organ Creek Road	KY 524 to Henry County
Collector	KY 1488 – Organ Creek Road	Henry County to US 42

All remaining roads are classified as Local Roads. A listing of these roads is included in Appendix A. See Figure 1 for a map of all proposed road functional classifications.

1.4 Oldham County Proposed Future Roads

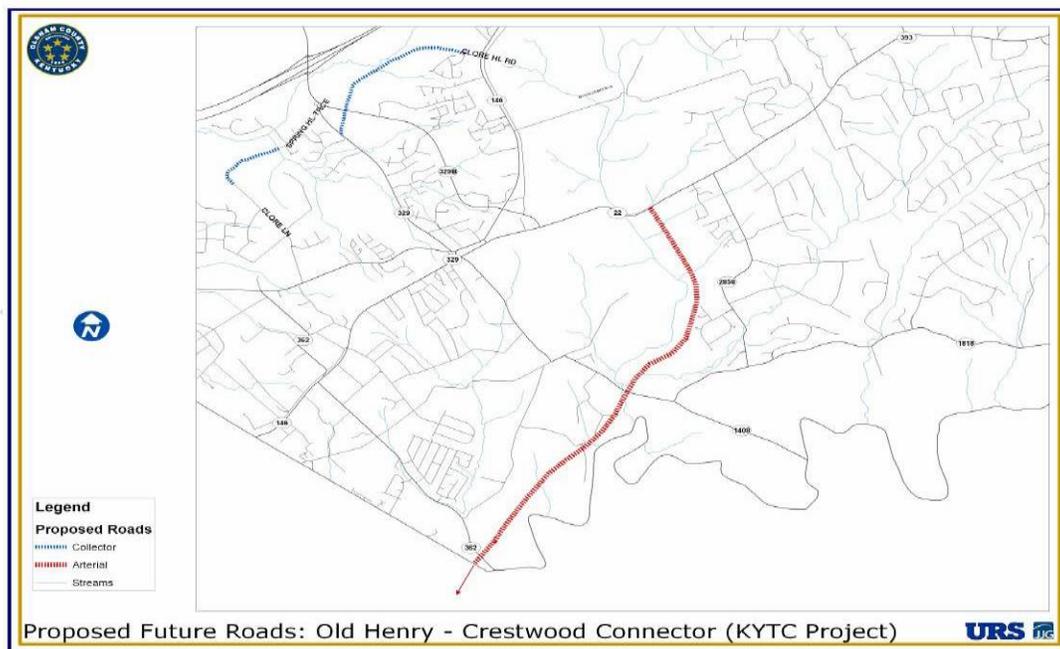

Oldham County Planning and Development Services evaluated areas within the county where future connector roads may be required to alleviate traffic demand on arterials or collectors. In addition, the Transportation component of the Outlook 2020 Comprehensive Plan and the 2003 Oldham County Major Thoroughfare Plan were reviewed as part of this study.

Proposed roads are in areas with potential for future growth and would provide roadway connectivity within Oldham County. Several of the proposed roads have been proposed by the Kentucky Transportation Cabinet and are contained within the Kentucky 2008 Highway Plan approved by the General Assembly in 2009.

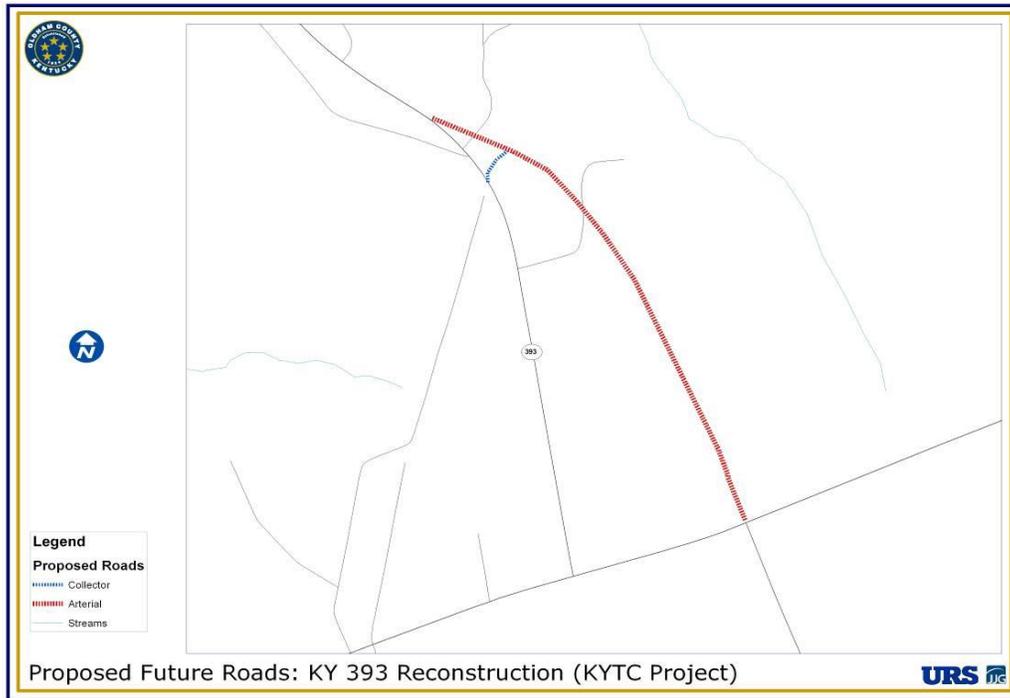

See Figure 2 for an overview map of the proposed roads for Oldham County.

The following projects were previously identified in the Outlook 2020 Comprehensive Plan and are recommended as future roads.

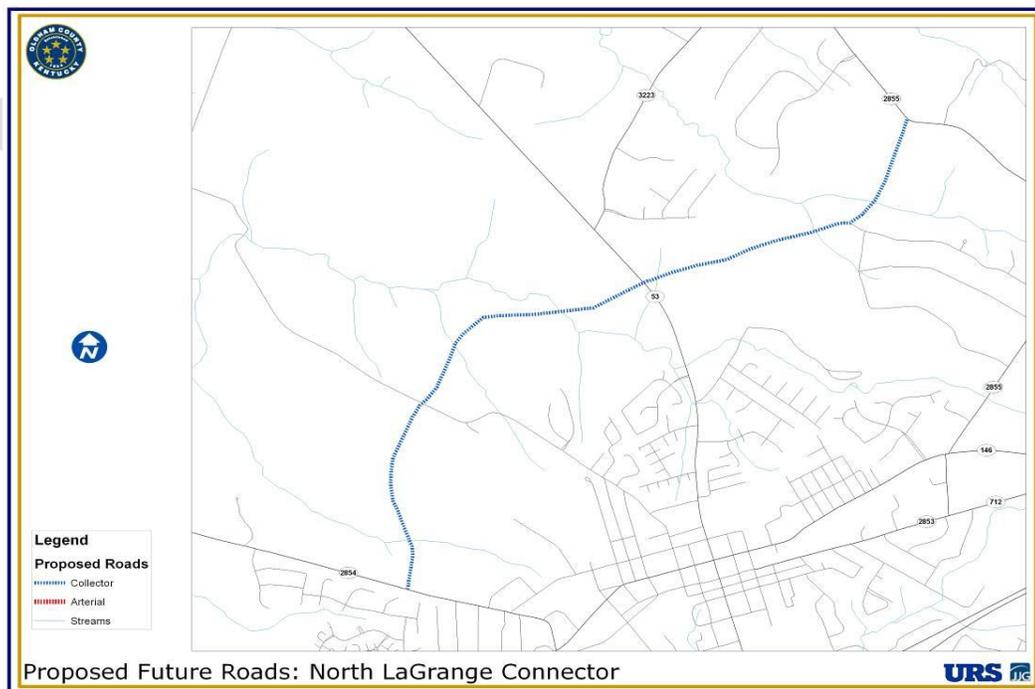

Old Henry and Crestwood Connector: The purpose of this project is to relieve existing traffic congestion on KY 146. Existing KY 146 is adjacent to the CSX railroad and has limited area for improvement. The proposed road would provide access to I-265 in Jefferson County to Crestwood and areas to the east. KYTC is the project sponsor.

KY 393 Reconstruction: The purpose of this project is to create a grade-separated crossing for KY 393 and the existing CSX railroad line. In addition, KY 393 will be realigned to eliminate the existing off-set intersection. This project is in the right of way acquisition phase and is scheduled for construction in Fiscal Year 2011.

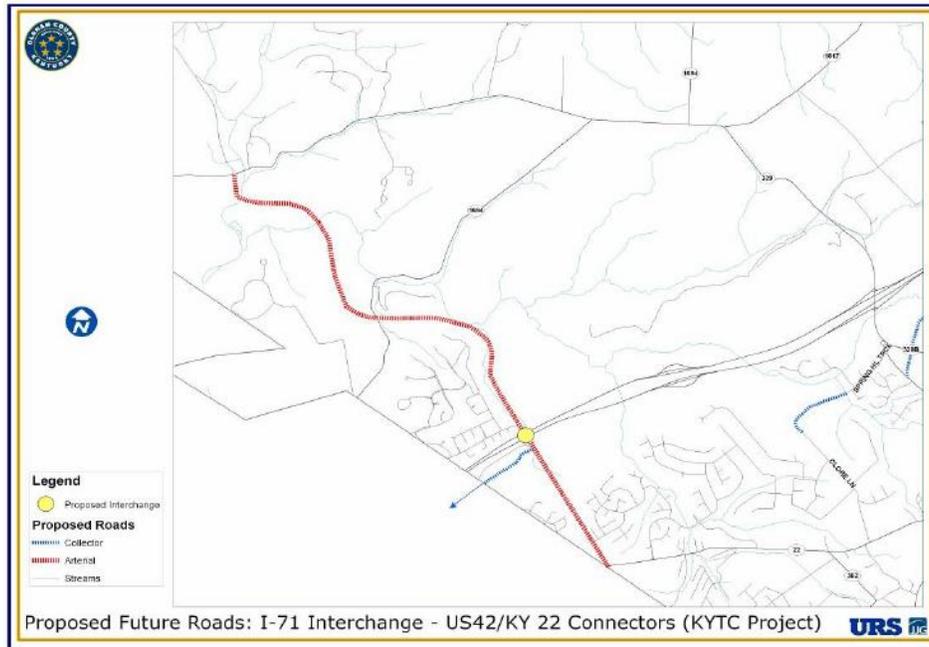

North LaGrange Connector: The proposed future collector road would connect Dawkins Road (KY 2854), KY 53, and Fort Pickens Road (KY 2855). This route was identified due to the presence of large acreage tracts with development potential.

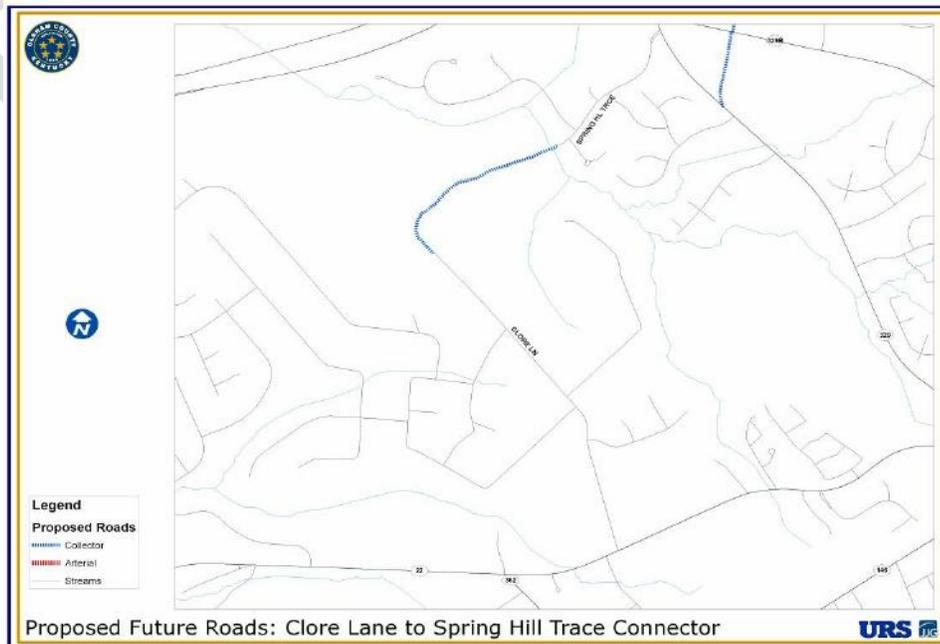

Oldham County Planning and Development Services
Road Functional Classification and Proposed Future Roads
January 2010

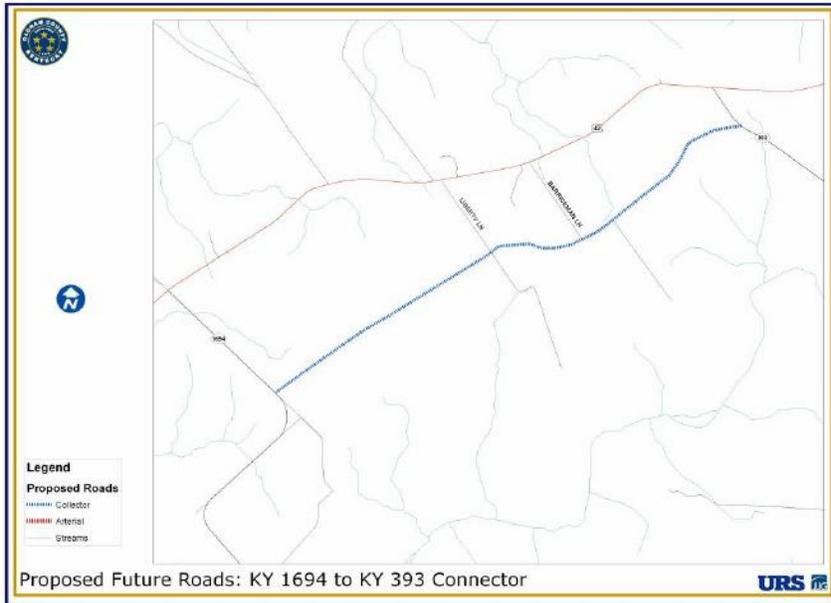

New I-71 Interchange with connections to US42/KY22: Currently this project is in the planning process. Any proposed interchange must be approved by the Federal Highway Administration (FHWA). Approval is based on completion of an Interchange Justification Study (IJS) and National Environmental Policy Act (NEPA) evaluation. Context sensitive design would be considered for the connector to US 42.

Clore Lane/Spring Hill Trace Connector: The proposed connector road will link Clore Lane to Spring Hill Trace (would become collectors) and provide access to KY 329 and KY 22. This connector is in an area proposed for residential development and would provide system connectivity.

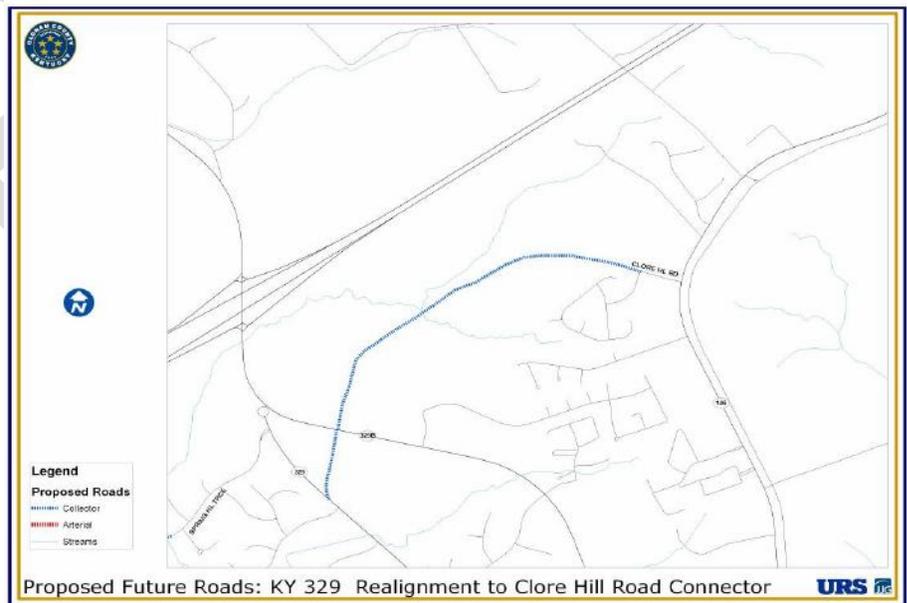

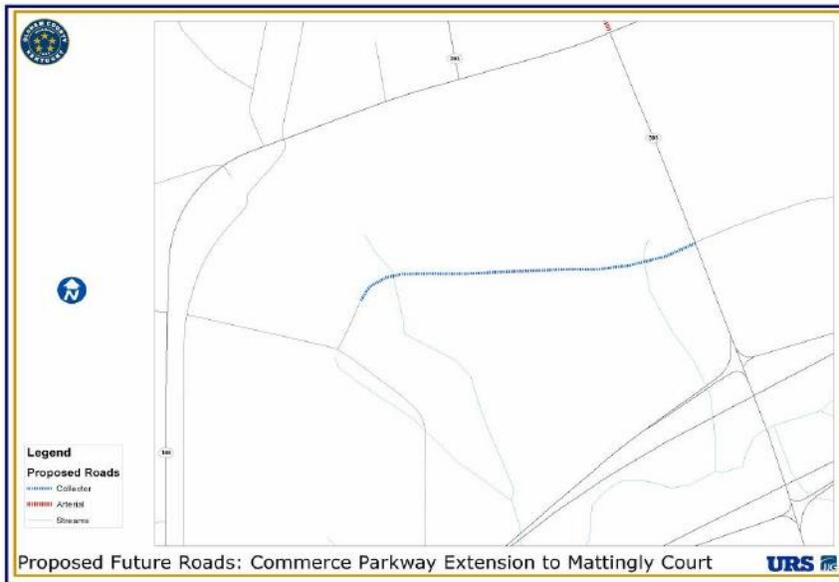

The following projects were not previously identified in the Outlook 2020 Comprehensive Plan or the 2003 Oldham County Major Thoroughfare Plan but are recommended for future consideration:

KY 1694/KY 393 Connector:
The proposed connector road would link KY 1694 to KY 393 and cross Liberty Lane, and Barrickman Lane. Large acreage parcels (> 50 acres) are present in this area and may develop in the future. This road would provide access to north-south state roads without accessing US 42.

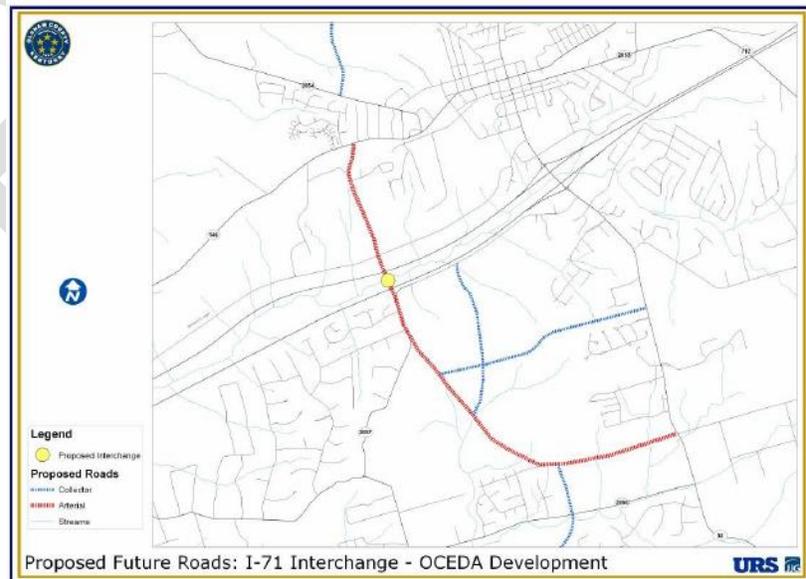

KY 329 Realignment and Clore Hill Road Connector: The existing KY 329 and KY 329B intersection has inadequate sight distance. The proposed relocation of KY 329 would improve sight distance and provide a future connection to Clore Hill Road. This proposed collector is adjacent to several large acreage tracts with future development potential.

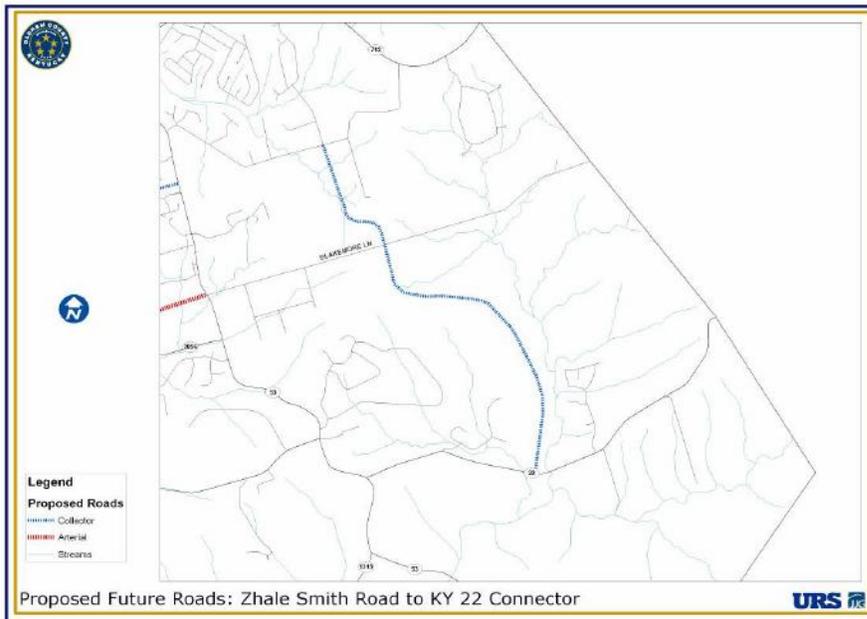

Commerce Parkway Extension: The purpose of this project is to extend Commerce Parkway to connect to Mattingly Court. The proposed road including Mattingly Court and Old LaGrange Road would become a collector. This area has development potential and the connector would provide system connectivity.

New I-71 Interchange with connections to KY146/KY53: Currently this project is in the planning process. Any proposed interchange must be approved by the Federal Highway Administration (FHWA). Approval is based on completion of an Interchange Justification Study (IJS) and National Environmental Policy Act (NEPA) evaluation. Collector roads shown are part of the OCEDA Oldham Reserve master plan.

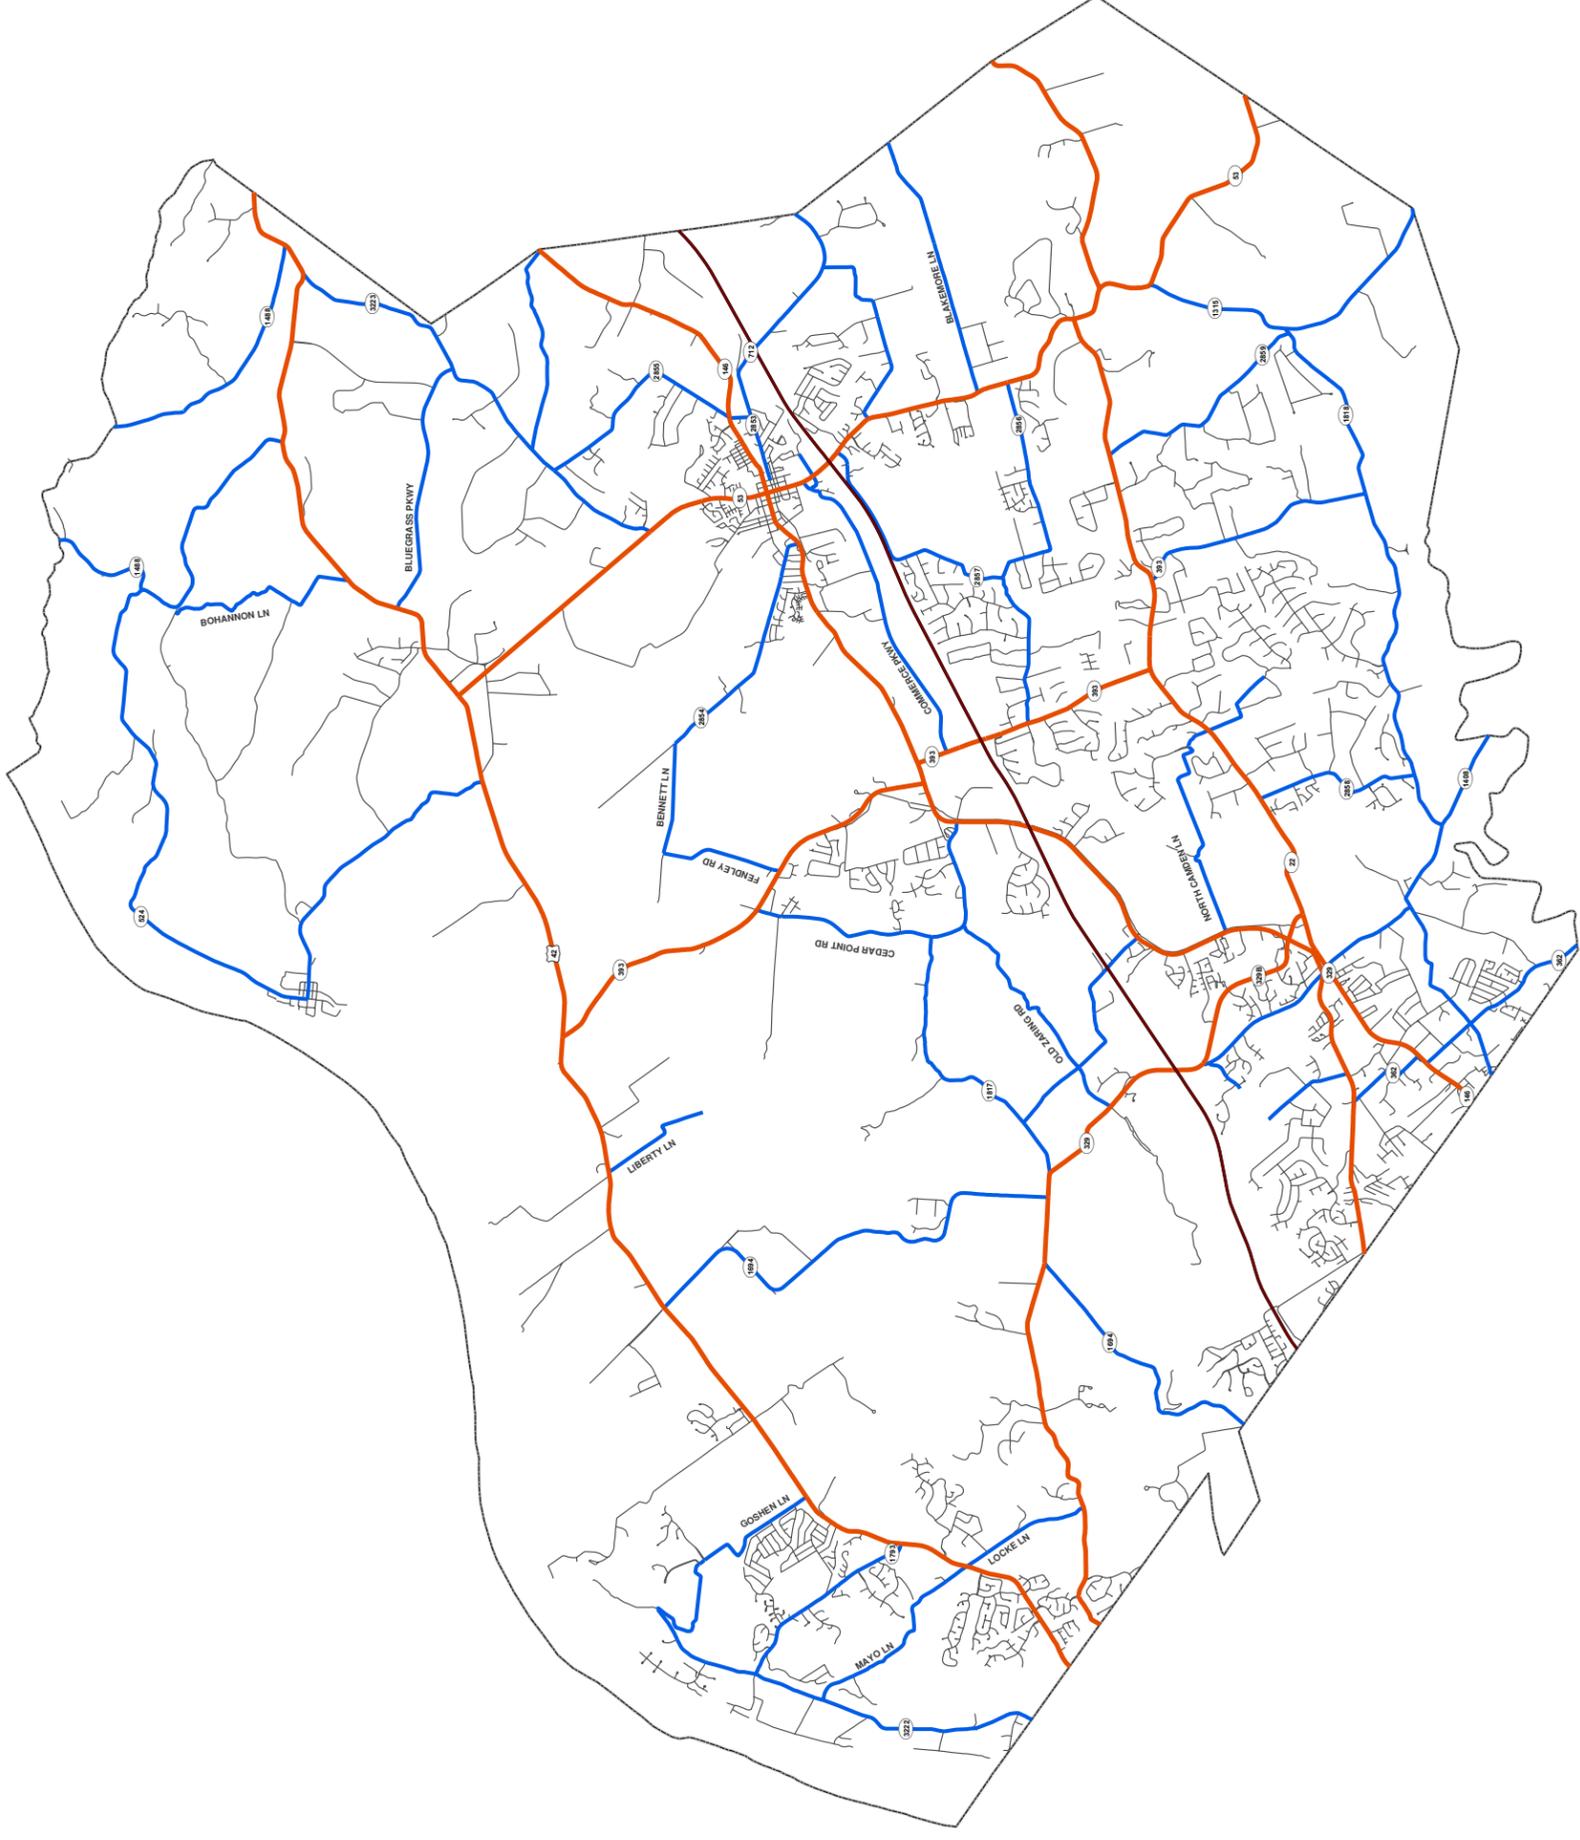

Zhale Smith Road/KY 22 Connector: The proposed future collector road would connect Zhale Smith Road to KY 22. The proposed route runs north and south and would cross Blakemore Lane. This route was identified due to the presence of large acreage tracts with development potential and the collector would parallel KY 53.
