Approval of Minutes:

The Meeting Summary of the November 29, 2012 meeting was reviewed and approved.

Comprehensive Plan Update –Future Land Use Map Update – Brian Davis presented the proposed changes to the Environment and Future Considerations sections of the Comprehensive Plan draft. The Committee discussed the Environment section and a motion was made to accept the section with some minor changes to the wording of some portions. The motion passed on a vote of 4-0.

The Committee also discussed the Future Considerations section. This section is meant to serve as a “what could be done next” section of the Comprehensive Plan. Just because a topic is discussed in this section does not make it a part of the regulations nor does it mean it will be implemented. A motion was made to incorporate this section into the Comprehensive Plan draft. The motion passed on a vote of 4-0.

Brigette Williams asked the Committee whether or not consideration has been given to the changes to the Land Development Code which she suggested regarding wildlife rehabilitation uses. Mr. Jeffries explained that changes to the Land Development Code will take place after the Comprehensive Plan has been adopted. The Committee also explained that approval of the Comprehensive Plan has taken slightly longer than expected due to the amount of work needed to complete the required sections, review by the Study Review Committee and staff changes at Planning & Development. Mr. Urban and Mr. Davis explained they believe the plan will go to the Planning Commission for review in February, with approval by the legislative bodies to take place this spring.

The Study Review Committee will plan to meet again on January 31, 2013 at 5:00 p.m.

The meeting was adjourned at 6:56 p.m.
